VERIFIED PETITION FOR REHEARING

1. Pursuant to Rules 33, 44.1, of this Court Constitution and Laws of the United States, Rules of Courts, Constitution and Laws of the State of Florida, Title 4, 5, 18, 28, 42 U.S. Code, Florida State Statutes, Canons of Judicial Conduct, Requirements for Oaths and Surety Bonds for Judges, Florida Rules of Court, Federal Rules of Court for all Courts, American Bar Association Oaths, Bylaws and Rules, Codes of Judicial Conduct, Florida Bar OATH and Rules Regulating the Florida Bar, Oaths of BAR members for each Court State and Federal all fully incorporated herein by reference thereto this Petition for Rehearing is filed based upon the following numbered paragraphs and failure of the Respondents to DENY each and every allegation raised OR properly RESPOND to the Petition for Writ of Certiorari filed in the Supreme Court of the United States of America. In that the Supreme Court of the United States DENIED the properly filed Petition for Writ of Certiorari without RESPONSE OR WAIVER properly submitted and appears to block this Nationwide Violation of Constitutional Rights and Felony Laws by Judges and BAR members it is necessary for Petitioners to submit the following ¶¶ 2-29 Verified by Title 28 USC § 1746.
2. The Supreme Court of the United States is fully aware that specific BAR members across the Nation along with students in law schools plus Judges are indeed bound by the Constitution of the United States as the Supreme Law of the Land and all failures to take action on any felony reported to a judge is Treason against the Constitution of the United States of America and Laws of the United States plus Florida as incorporated herein fully by reference in ¶ 1.

3. Petitioners clearly indicated a State Court Judge, without Oath or Surety Bond on file and having a spouse as a 'material witness' would not get off the case nor would the imposter jurist allow Petitioners to impeach witnesses in a jury trial with court records in violation of the Rules and Constitution protections afforded every American lost jurisdiction for this imposter judge by Law.
4. Alleged Jurist Herbert John Baumann, Jr. would ignore evidence submitted, refuse to allow Court Records to be introduced to impeach witnesses in open Court, ignore findings of the jury based upon Perjury even about his own wife who was the material witness, ignore five (5) Motions for Disqualification filed and place Orders falsely and fraudulently in the record depriving Petitioners of a Jury Trial before a cold and neutral proper Court or judge, fail to call for a full Criminal Investigation of Felony Acts of the Opposing BAR member or Fraternal Brother member of the Florida BAR and conceal, aid and abet felony conduct running rampant in Florida and other States by keeping BAR members and Judges safe using 'judicial immunity' which does not exist in LAW. Who is to make Judges/BAR follow laws or Rules of Court in American Courts?
5. Petitioners appealed the false Orders of alleged jurist Baumann, Jr. to the Second District Court of Appeal and no one really addressed the claims and the local members of the 2ND DCA issued a Per Curiam decision without written opinion.
6. Petitioners appealed the 2ND DCA opinion to the Supreme Court of the State of Florida and a mere Clerk, not any justice or quorum of justices, denied the Petition and denied rehearing in violation of the Constitution and

Laws of the United States and State of Florida plus violated their own BAR Oaths by not having Oath/Bond denying Petitioners of the right to Petition a Court for justice and really 'flagging' law violations.

7. Petitioners then took the case to Middle District of Florida Federal Court and a Federal Judge ruled that Petitioners could not bring a 'Civil Rights Claim into Federal Court without a racial animus PLUS all Judges and BAR members enjoy absolute judicial immunity' which is contrary to Constitution and Laws cannot be condoned as *Stump V. Sparkman* , 435 US 349 does not agree!
8. Petitioners then took the case UP to the 11TH USCA and three judges, two false judges from Florida without Oaths/Bonds who lied to the President about being properly qualified to accept a position as a Federal Judge threw the case out as 'FRIVOLOUS' with no reference to any Law, Constitution or Case Law which sent up a FLAG to both Petitioners as something is really wrong.
9. Petitioners then filed timely a Corrected Petition for Writ of Certiorari in Booklet form with Corrected Appendix and still no respondent answered thus admitted all allegations and only one waiver was filed in this case by the Attorney General of Florida for all Respondent Florida judges yet the U.S. Supreme Court Justices allegedly reviewed the case facts and documents by 'crystal ball or single synopsis by a brilliant clerk or assistant' along with some large number of cases to be considered based upon such written short synopsis without review of the Case or files page by page DENIED the Petition summarily in a Top Secret Meeting without anyone signing one single document. The Clerks

do not know how many other cases were considered and that is sad!

10. Petitioners received a STAMPED document allegedly telling Petitioners and others that the Petition was DENIED but there are no hard copies of anything with signatures to indicate which Justice signed OFF on anything.
11. Petitioners submit that IF the Supreme Court of the United States is given authority by Legislative Branches in the United States and All States over all BAR members who receive permission and oddly are not licensed by the Executive Branch Laws passed by BAR members exempting them from licenses, there can be no blanket 'immunity' from civil or criminal actions for felony conduct knowingly and willingly done in furtherance of a criminal or civil RICO type of act or acts where the Judges protected the fraternal BAR members at all costs keeping millions in the coffers as fees.
12. Petitioners reported felony conduct to what were seen as legal judges and, many exposed as imposters without Oath or Surety Bonds on file, have hidden behind 'absolute judicial immunity' which is not given to anyone in the Executive or Legislative Branches of Government for felony criminal acts or conspiracy to commit, hide, aid, abet or generally ignore the Constitution and Laws of this Nation. Jurists ignored sworn affidavits and proof 'prima facie' filed as certified copies of court records clearly indicating Perjury yet all ignored the solemn duty and obligation to take action including the Supreme Court of the United States and Clerks who are also BAR members plus all alleged Jurists and Clerks below the USCT.

13. Petitioners reported Felony Conduct under State and Federal Law involving verifiable Fraud, Misrepresentation, Perjury, Failure to be with a proper Oath/Surety Bond on file and everyone, including the Hillsborough County Sheriff's Office Sheriff David Gee, prior Sheriff and Detective Derrick Grace were advised by the alleged jurist [a suspect] and other BAR members that Judges and BAR members enjoy Absolute Judicial Immunity from civil or criminal charges involving perjury as they are EXEMPT by the Courts themselves NOT LAW. A direct violation of the Constitutions and Laws of the U.S. and State of Florida without question which has already cost the Petitioners over 58 Million Dollars in potential awards from a jury tainted by perjury and while Petitioners were blocked/sandbag used at each step from having any Appeal Court State or Federal put a stop to this illegal felony conduct.
14. Petitioners submit the RIGHT to submit a Petition for Writ of Certiorari IS A RIGHT and it is also submitted that once submitted on Judicial or BAR misconduct amounting to felony interference in the right to a fair trial before a cold and neutral jurist if ignored to save face by the BAR and Judiciary at all levels and keep the 'dirty little secret about immunity from being heard and decided once and for all properly under the Constitution and Laws of this great United States and State of Florida' does cause concern for law clerks who are BAR members, judges who would suddenly find themselves charged with felony acts thus ALL STOPS must be pulled to keep this matter out of the public view even if it crushes US.
15. The Petition for Writ of Certiorari and Appendix provided in Booklet form gave fair warning to all Respondents who chose to remain silent and thus ADMIT

all allegations which should have triggered this highest court to call for 1) a mandatory response; and 2) reported all suspects to the proper Federal Bureau of Investigation for full investigation as a FELONY was reported to the Court which cannot be ignored.

16. U.S. Supreme Court Case 06-461 United States V. Saladino, Petitioner Joseph O. Saladino [Incorporated fully herein] very eloquently and correctly indicates what ALL judges and BAR will see as a license to commit perjury and felony conduct if this and other matters are not addressed once and for all by this highest court.
17. The Supreme Court of the United States MUST require each and every Judge at all levels to be under sworn Oath filed plus Surety Bond file and all BAR members must be re-educated as to the Law and Constitution requirements that each follow same plus Rules of Court and BAR Oaths to the letter. The day of 'The Biggest Liar Wins' must give way to 'All Liars Go to Jail for a Felony no matter what Fraternal Organization or membership in any Branch of Government'.
18. Presently the Military of the United States were indoctrinated about the Rules of Engagement and killing or murder would not be tolerated as somehow that practice got out of hand over the years and MILLIONS of people Worldwide will die from Depleted Uranium Weapon Particles used by America and Allies in and out of America. The Supreme Court of the United States is fully aware of Violations of the Geneva Convention plus Treaties banning Nuclear Weapons and remains silent on issues which will bring down the United States. Little wonder why this Court and others are reluctant to address

the NO BOND = NO JUDGE sections of the Constitution and Laws.

19. Your BAR members, lower courts and staff are out of hand which can only be placed back on the right track by taking on this unique case involving each and every member of the BAR and all judges in all levels concerning absolute judicial immunity.
20. The Congress of the United States can be petitioned to Change/Modify/Strike any Code/Law/Rule which grants 'absolute judicial immunity' for felony conduct yet there is nothing passed by Congress granting same at this time.
21. To make a correction to the Constitution and Laws would be easier than this Court, as a Co-Equal Branch of three branches bringing murder or treason charges against the President, Vice President, Secretary of Defense, Joint Chiefs-of-Staff and Secretary of State for Treason and Murder involving the 911 or Iraq War deaths by Depleted Uranium Nuclear Weapons or WAR.
22. As the President and ALL Officers elected or appointed are aware, there are Impeachment means available and rarely used but still applicable PLUS Felony Criminal Charges can be brought against anyone for any felony act done while in office violating the Laws and Constitution.
23. The Protection many people are unaware of involves the Federal Rules of Criminal Procedure Rule 3 wherein anyone can reportedly file a Criminal Complaint after having it taken under Oath in the presence of a Federal Judge and Federal Rule of Criminal Procedure Rule 4 makes it mandatory that a Federal Judge receiving the Criminal Complaint issue Warrants for the arrest of those

suspects identified in the criminal complaint. Private Citizens are NOT allowed to file Criminal Complaints, not by law, not by Constitution but by practice instituted by Federal Magistrate Manual and Federal Judges to block private citizens from having Judges or BAR members arrested for criminal acts let alone making the President, Vice President, Secretary of State, Secretary of Defense and any other elected official subject to arrest and prosecution.

24. Petitioner's respectfully insist that the Justices of the Supreme Court of the United States REVIEW the submitted Corrected Petition for Writ of Certiorari and Corrected Appendix plus this document under 10 pages PERSONALLY before making a written decision as is proper for any Order must indicate 'which justices ruled' and an indication that those Justices even saw the filings in that a 'Felony by law was reported to the Judges/Justices who did nothing but law commands specific action lest the Justice become an accessory to the felony. No Oath=No Judge!

CONCLUSION

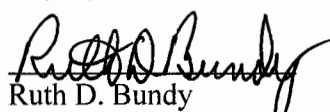

25. As the Court is aware, the BAR members who were hired as clerks to the Justices plus the Clerk himself are bound by the Constitutions and Laws to properly and accurately advise the justices of this Highest Court when the facts clearly indicate that widespread felony conduct indicated clearly in filings in this case warrant the Justices to call for responses as no denial was forthcoming from the Respondents to all charges civil and criminal.
26. The people petition this Highest Court to right years of wrongs and recently the Marshall V. Marshall USCT Case 04-1544, not unlike this case, proved clearly that such facts indicate the Court must accept the case and allow Oral arguments to right a wrong involving each and every state and person whether visitor or alien. Please honor Oath.
27. Petitioners beg the Court to review personally all documents page by page then take corrective action including acceptance of this case for review as Fla. Const. Art 2 § 5. plus U.S.Const Art. VI Clause 3 is explicit on Oaths/Bonds of Jurists.
